

ASHBURNHAM MUNICIPAL LIGHT PLANT
ASHBURNHAM, MASSACHUSETTS
RESIDENTIAL DISTRIBUTED GENERATION – SCHEDULE “SA”

AVAILABILITY

Schedule SA is intended for residential single-phase properties only. Specifically, owner-occupied, single family homes. The facility must be located on the property owned and resided in by the applicant. Customers must familiarize themselves with the technical requirements of installing and operating a photovoltaic system detailed in the Ashburnham Municipal Light Plant’s (AMLP) Residential Distributed Generation Policy (RDGP). Residential distributed generation will be limited to 10kW.

BILLING AND CREDITS

Minimum charge \$2.00 per kW per billing period based upon the size of the generating facility.

Excess Generation AMLP will measure the amount of kWh’s received and delivered, on a monthly basis. The customer will be billed at the rate applicable to their electric customer’s class of service for all kWh’s delivered from AMLP and they will be credited at the ISO-NE average Day Ahead Locational Marginal Price of energy for all on peak hours (between 09:00 – 16:00) in the month prior to the current billing month for generation not used by the customer and returned to the AMLP’s Distribution system.

These credits can only be used to offset the account that the solar facility is located on and are not transferrable to any other account. Any remaining credits will be carried over to subsequent months for a maximum of twelve months. After twelve months the credit will be forfeited.

METER READING AND BILLING

All meters shall be read and bills rendered monthly or bimonthly except in cases where access to the meter is not obtained on the regular reading date, or where for other reasons the Light Plant decides that a different billing period is required or desirable.

GENERAL TERMS AND CONDITIONS

Service hereunder is subject to the AMLP’s RDGP filed June, 2019

Effective: On bills rendered after August 1, 2019

Filed by: Ashburnham Municipal Light Commission
